

## **We know how difficult it can be to keep up**

As a busy parent we know you want to know as much as possible about your baby or toddler when they're not with them, but communication can be difficult when you are at work or dashing in and out at the beginning and end of sessions. We therefore have an App designed to make our communication with you easier, quicker and more efficient.

Our App will allow us to keep you updated with News, Information, Events and will have links to all the other websites and Apps we use so that you have one centralised place to access those.

Our App can be downloaded for free (search "Maged School" and look for the yellow school icon) and we hope helps to save you time while keeping you updated. If you want to find out more about our App provider Maged go to [www.maged.cc](http://www.maged.cc)
